

Subminimal

A way of decorating a room by spray painting the ceilings, walls and woodwork all in one colour.

This design can be done in just 1 day, subjected to size, the amount of detail in a room and furniture.

Including surface protection to protect surfaces such as hard flooring or carpet, sliding/bi-folding doors, sockets, light switches, lighting, windows, window frames and furniture placed into the middle of a room.

Excluding surface preparation such as filling, dustless sanding and caulking.
